APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source and subject to the following provisions: That the perforations in the well casing shall not be closer than 100 feet from the ground surface, unless otherwise directed by the State Engineer. That a suitable air line shall be installed at the time of installing the pump which will allow measurement of the water level in the well. A substantial weir or other type of measuring device must be installed and measurements of water use kept. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount

which can be applied to beneficial use, and not to exceed 1.0

cubic feet per second, and not to exceed 4.0 acre-feet per acre per year.

Actual construction work shall begin on or before August 2, 1952

Proof of commencement of work shall be filed before September 2, 1952

Work must be prosecuted with reasonable diligence and be completed on or before August 2, 1953

Proof of completion of work shall be filed before September 2, 1953

Application of water to beneficial use shall be made on or before

August 2, 1954

Proof of the application of water to beneficial use must be filed with State Engineer on or before September 2, 1954

Map Filed NOV 8 1951

WITNESS MY HAND AND SEAL this 15th day

Cancelled OCT 8 1954 because of failure of applicant to comply with the provisions of permit of February 1952
